This is in response to the letter dated April 27, 2004 regarding the committee's most recent 48 hour notices of last minute contributions. After reviewing our records we found that the 48-hour reports filed during the most recent primary election contained only the first page of the reports. We were unaware of this error at the time of filing and believed that we had fully met our filing requirements.

As discussed, we will take steps in the future to ensure that all information is included in reports filed with the FEC.

Thank you again for you assistance with this matter and please let us know if you need any further information.
